PRESIDENT'S MESSAGE

Dear Friends,

Many of today's newspapers carry stories of our need for education to enable us to survive in the coming battle for space. However, we are likely to forget that many people look to us in ORT for education to help them in their present battle for survival.

Thousands of people all over the world cannot even "DREAM" of becoming nuclear scientists or electronic engineers in the future. They only "DREAM" of learning the simple skills which can help them now.

We are off to a wonderful start, thanks to two successful fund-raising affairs. However, the road ahead is still a difficult one. We can give these people the hope and the chance to live with dignity and pride instead of the despair and degradation they now know.

Mollie Rubenstein

CALENDAR OF EVENTS

- October 11th — Luncheon Meeting.
- November 12th — Dinner Dance - Garden City Hotel.
- November 22nd — Card Party.
- November 29th — Paid Up Membership Luncheon.
- December 17th 18th — BAZAAR.
- April 21st — Weekend at Grosinger's.

YOU are a vital part . . .

. . . of the success or failure of the biggest financial function of our year. Our BAZAAR; to be held on December 17th and 18th needs YOU! It needs you to give manufacturers' names and the name of the contact man therein; and it needs YOU to be on constant alert for merchandise. Ask your friends and your husband's friends, as well as your friends' friends who have absolutely any connection with houses that supply saleable merchandise. (If you need any letters of authorization, we have them for you).

Again, as last year, we ask for volunteers to go into the city (we make it an enjoyable task and still leave the city before the traffic jams) . . . \$5.00 honor roll credit for each and every trip! Many of our girls made their honor roll just this way . . . why not YOU!

Breathlessly waiting to hear from You — your chairman . . .

THE BREITER SIDE

Listen dreamboats . . . ever since that Brown's week-end there hasn't been an item around here jazzy enough to print — that is, that we can print and still stay in business. Do something! Or the next few hundred words you hear will be pure invention — and more fun than you ever dreamed of . . . Have we any takers?

Sherry next time you plan a party, make it indoors. You and the weather man don't see eye to eye — but it was still a humdinger, and Best Wishes to sister Rhoda on her engagement. And lots more of the same to Ruth Brill's daughter, Roberta who Sweet Sixteened at Carl Hoppl's, which was also the scene of Betty Esbin's Bar Mitzvah celebration for son, David. And more Bar Mitzvah wishes to Roxy and Jerry Tuerk's son, Jay . . . In the little crystal ball we see a new member in the family for Muriel Baum . . . We have special Get Well wishes for Dave Bittman, and Kerry Kerr, husband of Charter member, Ethel Kerr . . .

A little traveling music please, with a Western beat. The Raye's went that-a-way this summer visiting family. Not so far afield was Hilda Delfin seen shopping at Gert Krasilovsky's on the Oval — Lotus North, that is. Add strange sights on Lotus — the traveling parakeet, jointly owned by Debbie Breiter and Andrea Karshan. Does anybody know any Bird Music? Or maybe a little P. T. A. symphonette to accompany all the nice folks to Forest Road and South High these days. So what did you learn? . . . And the voice of the hammer and saw is heard in the land . . . Construction going on at the Rosenbach's . . . Proceed on Riverdale at your own risk. And when you get to Cloverfield South, won't you stop and say Hello to new residents Rusty Jacobs and Freckles Flanzig, brother Cocks, now owned respectively, and obviously by Jean Jacobs, and Sis Flanzig.

Hey, there, your Dues are Due-de-le-doo. Carry on! Barbara Breiter

SCHOLARSHIP

The Scholarship project as its name implies, provides scholarships for the specific purpose of training teachers, instructors and foremen to carry out and implement the far reaching program of ORT. It also creates a new type of Jewish teacher, so badly needed in this century of advanced scientific knowledge. This training is mainly centered at the Anières Institute in Switzerland for men and boys; in Paris for girls.

The most vital aspect and the best reason in this world for sponsoring this program of Scholarship is that upon graduation these young people help Jews become self-supporting citizens throughout the world.

To hundreds of women, to train an ORT graduate to become a teacher has true meaning for real giving.

FALL LUNCHEON

Girls — I won't keep this under my hat — Our Luncheon and Fashion Show at Cook's on the 27th added up to a delightful afternoon. Not only was it a refreshing change to "dress up" for the fall season, but a treat to see how all our members came through to make it a truly successful affair.

My thanks to everyone. What would I have done without Gladys Karshan, Sally Rosenblum, Ruth Brill Bubbles Korngut and Sylvia Ross? — and to our models Diane Goldman, Mildred Goodgold, Ilse Blumenthal, Barbara Breiter, Ruth Cohen, Blanche Lieberman and Rhoda Wiener — you were terrific — My thanks again.

Bernice Stein

PROFILE

Mighty marvelous Marcia Ziegler is the best way to describe this gal! She is intelligent

(a prolific reader) creative (she paints, both in oil and water color) a devoted mother (do

you know anyone else who plays Mah Jongg with her two youngsters on a rainy day?)

Marcia has spark and drive, this makes her the type of girl who gives her ALL to anything she undertakes. Her posters are truly works of art (ingenious and yet eye catching) yet she throws them together in "nothing flat". She has also graciously allowed us to use her fabulous lawn for our Summer Card Party. And, now, lucky us, Marcia has undertaken the Membership Vice Presidency.

For relaxation she loves to dance (she's the greatest) cook, work in the garden and shop . . . in exactly that order.

She has a fantastically keen sense of humor, is given to practical jokes and weighs 91 pounds soaking wet.

Her family, her husband, George, and her children, Randi and Ethan all share her enthusiastic approach to life and together they form a very closely knit quartet.
