A black and white photograph of a school classroom under construction. The room features a high ceiling with a complex steel truss system. A large, dark rectangular board, likely a chalkboard, is mounted on the back wall. To the left, there is a large window with multiple panes. A dark doorway is visible on the right wall. The floor is concrete and appears unfinished. The text 'FOREST RD. SCHOOL VALLEY STREAM 5-3-55' is written in white on the lower left, and 'HOLGER OLSON GEN. CONTRACTOR' is written in white on the lower right.

A black and white photograph showing the interior of a school building during renovation. The room is filled with a complex network of wooden and metal scaffolding. In the background, a white cabinet is visible, and further back, a person can be seen working. The floor is covered with wooden planks and construction materials. The lighting is bright, likely from windows on the right side of the frame.
